# BASIC HOME VEGETABLE GARDENING

10 WEEK HANDS ON  
EDUCATIONAL  
EXPERIENCE

February 17 –April 21, 2010

SPONSORED BY

**BROGUE  
LIONS CLUB  
BROGUE PA**

During this course, we will explore home vegetable gardening from planning to harvest with information and tips shared by gardening professionals. This is a no-nonsense approach about backyard gardening addressing limitations of time and money. Backyard gardens can give you a safe, fresh, and cheap food supply.

This course is intended for people of all ages who are interested in growing their own food. If you expect to be clean and not to sweat or smell this is not for you. When times get tough you have to get dirty!

## Schedule of Gardening Topics

### 7:00-8:00 PM

\*Feb 17 Planning a garden

Feb 24 Seeds: An after hours visit to **Hakes Farm and Seed Service** in Winterstown

\*March 3 Growing starter plants

\*March 10 Garden soil preparation

\*March 17 Organic vs. chemical

\*March 24 Garden crop planning

\*March 31 Starting seed for plants

April 7 Early garden solutions

April 14 Planting demonstrations

April 21 Working in the garden

May and June Informal garden events may follow determined by the group's interest

\*Indicates meetings at Chanceford Community Building  
51 Muddy Creek Forks Rd. Brogue

### Thank you!

- ✓ Chanceford Township for the use of the meeting room
- ✓ Brogue Lions Club for garden plots at Lions Park on Rt. 74

## Why garden now?

- Ø Do you know what third world country your lettuce came from?
- Ø What is greywater?
- Ø What is DDT?
- Ø What bacteria or germs are on your vegetables?
- Ø What is a fresh vegetable?
- Ø How can fresh vegetables benefit your body?
- Ø How can gardening benefit your peace of mind?
- Ø Whose job is it to keep food supplies safe, the government or you?
