Loyal

Life-saving

Located in beautiful southeastern York, Pennsylvania, Southern York County EMS delivers excellence in prehospital care to the 153 square miles of rural farmland and small towns we serve. SYCEMS responds to approximately 1500 calls per year and utilizes 2 ALS ambulances.

How we set ourselves apart:

- Advanced equipment including Sapphire IV pumps and Zoll ventilators
- 911 only organization with no interfacility transports
- Flexible scheduling with optional 2 shift work week for full-time staff
- Challenging rural environment with transport times averaging 30-60 minutes

Prerequisites:

- SYCEMS providers are specialists in treating critically ill patients for long periods of time with limited resources available. Candidates must exhibit strong clinical and interpersonal skills.
- 1 year of experience in a busy 911 system is **required** for all applicants
- **ALS providers** must have: PA Paramedic or PA PHRN (or eligible for reciprocity), CPR, ACLS, PALS, ICS 100,200,700,800, Hazmat Awareness, EMSVO, valid drivers license
- **BLS providers** must have: PA EMT (or eligible for reciprocity), CPR, ICS 100,200,700,800, Hazmat Awareness, EMSVO, valid drivers license
